Contractor Meeting Topics 9-30-2022

March; June; September, December
Biweekly-Monthly Casual Contractor Meetings : to those who may want extra support/questions related to getting started, case review, marketing questions, etc. (way for all of our contractors to collaborate and give feedback to one other as well as get questions answered)
R.E.A.C.H. Appreciation Day: 10/18/2022 look for the email! Staff pictures will be taken on this day, group/individual photos for website.
*Staff Comments
☐ Contractor online comment box at Let Us Know Your Thoughts page found at the bottom of the Opening Staff Portal Page.
CONTRACTOR MEETING TOPIC:
REACH PORTAL LOGIN> Password 'reach42'
Supervision forms/Contract Make sure you have signed the Supervision Contract.
Billing/Clinical Documentation 24-48 HR Policy: Reminder that only one session a day, so can not do individual on the same day you do a group or multiple sessions per day (example for billing one note, to multiple times and full duration) Example times and billing units presented
Supervision Frequency/Caseload Level and Weight Appropriate Weight/Level for full time contractors discussed

☐ Client Frequency: Discuss prudency for clinical documentation in regards to continuity of care, especially if client is being seen more than once per week (not including parent/clinician session [must be noted in note it was with parent] and client/clinician session) **Insurance is buckling down on this - Must discuss during supervision for additional documentation.
□ Treatment Plan Expiration Dates: How to access/monitor upcoming expiration; direction to not bill out for clients post expiration date, risks associated with; plans to have assessment & treatment plan expiration date listed on EHR Facesheet. **Insurance is buckling down on this.
Facilitating Groups
□ Reimbursement rates for groups; up to 5- \$45; 6-9-\$65; 10-12-\$85 (co-facilitator-split, 20 ppl co-facilitator-split 10/10).
Discuss plans that a separate meeting for those that want to do groups will be later established to determine a timeline to when they can start the desired groups and with which serving population.
Contractors in Schools - Packets on the contractors page.
